DETAILED ACTION

This communication is in response to the Appeal Brief filed April 6, 2004 and the communication of September 28, 2004.

With the September 28, 2004 communication, Appellant has attempted to comply with the requirements of 37 CFR 1.192(c)(5) with a "Concise Explanation of the Invention Defined in the Appealed Claims". The content of the Explanation suffices to meet the requirements, but must be included in the Appeal Brief proper to comply. This content should be included under the heading "Summary of the Claimed Subject Matter" as a substitute for the current "Summary of the Invention."

Appellant correctly addresses the separate issues of patentability at page 6 as "Issues"; the heading of the section should be "Grounds of Rejection to be Reviewed on Appeal". The Examiner notes that the grounds for rejection stated at page 7 for Issue 8 is Ferstenberg et al in view of Crain's New York Business. The actual grounds of rejection at page 10 of the Final Office Action was actually Harrington et al in view of Crain's New York Business. This should be corrected as well as the heading for Appellant's arguments at page 28 of the Appeal Brief.

As "Grouping of Claims" is no longer required, it should be removed from the Appeal Brief.

Application/Control Number: 09/307,752
